NEWS RELEASE

LUXXFOLIO Operations Update

VANCOUVER, BC – November 2, 2022 - LUXXFOLIO Holdings Inc. (the “Company” or “LUXXFOLIO”, which includes references to its subsidiaries) (CSE: LUXX) (OTCQB: LUXFF) (Frankfurt/Berlin: LUH), provides the following update regarding its business environment and operations.

The Bitcoin mining industry faces intense pressure. The market price for bitcoin has plummeted while hash rate reached new highs. The result is lower revenues for each coin mined. At the same time, electricity prices are increasing, further eroding profitability. To date, LUXXFOLIO has reduced its debt and moved to lower-cost immersive mining, but remains unprofitable.

Following a detailed review of the current operations and market conditions, the Company has decided to seek strategic alternatives for its 15MW Bitcoin mining facility in New Mexico. In the absence of finding a partner or purchaser for the mining operation, the Company will consider all options including idling or a permanent shutdown of operations.

Kelly Klatik and David Gens resigned from LUXXFOLIO’s Board effective November 1, 2022. The Company thanks each of them for their service. As a result, LUXXFOLIO’s Board presently consists of two directors. While reviewing strategic alternatives, the Company intends to seek qualified candidates to appoint as additional Board members.
